NO WORK IS GOOD UNLESS

IT MAKES US GROW

IN LOVE

FOR GOD AND MAN.

6. The very Holy Season of Advent begins with the First Sunday which takes place, this year, on November 29. Begin now to prepare yourselves in the God, not in the spirit of the world.. Of course, there will be a good amount of buying of gifts and things, but this should be kept in the proper perspective. That for which we await is the Saviour, Jesus Christ, of the world - - NOT FOR SANTA CLAUS AND GIFT GIVING DAY! Santa, can also be viewed properly in the light of the INFANT JESUS. To give gifts at Christmas is an accepted custom, PROVIDED WE KEEP THE BEST GIFT FOR HIM IN WHOSE HONOR THE CELEBRATION IS OBSERVED. WITHOUT THE INFANT JESUS THERE CAN BE NO CHRISTMAS.

The heart of man is a hunger not to have reality, but
TO BE REALITY.

And what is Reality?

Knowledge, indeed, is greatly important, but it produces only information about reality. Knowledge (REASON) leads one to learn, but when one has exhausted all the qualities and characteristics arising from the processes of reason, one finds that reality has not been truly expressed.

Love-knowledge (CHARITY) is of a different kind from the knowledge that reason brings us.

Reason says: "I know that we are two"

Love says: "I know that we are one".

"My soul is restless, O Lord, until it rests in Thee."

Lord, grant us monks! Lord, grant us holy monks! Lord, grant us many holy monks!
