

2. Please pray for all the Sick and Shut-Ins of our Chapels, especially remembering our brother Al Sachs.

It has to be admitted, that in the intellectual life, there are but two eventual and final alternatives:

(1) either the thinker conforms desire to truth;

or

(2) he will conform truth to desire.

For some time, now, in the western world, both social and religious leaders have worked to reverse the values of intellectual life so that truth would be subjected to desire as the final criterion of intellectual value, and in order to enforce this trend, anyone who has the temerity to stand in opposition to this trend, is beaten into submission by the strong recommendation of psychiatric treatment.
