

5. Yesterday, January 6, 1996, was the Great and Magnificent Feast of the EPIPHANY of our Lord and Redeemer, Jesus Christ. Our constant prayer must be that He will reveal Himself to this world very soon. A prayer to the Kings Gaspar, Melchior and Balthazar will be of great help in this important regard. When they looked upon the Babe, they saw God.
6. Today, the Sunday within the Octave of the EPIPHANY, is the Feast of THE HOLY FAMILY. If ever we have need to look to the Holy Family for help it is today. We often blame the children for their misbehavior, but fail to examine the teachings that come from the parents. The members of the Holy Family were surely kind people, both the Parents and the Child, but they were no less firm in their belief concerning their obligations and responsibilities toward each other.
