The danger among religious people who are not religious enough, is to fasten on to a doctrine, or on to some religious observance or ritual - - (something they have read - or - something that someone said) and then they wrench it from its context, and apply it as if it were a poultice. Such - priests and people alike - very often look at the EXTERNALS of our holy traditional religion to the detriment of a deep sincere SPIRITUALITY. Errors of this kind can be caused by a wrong understanding of the function of symbolism; the emblem can come to mean more than the truth which it represents. In truth, symbolism and ritual are very important, but they are not meant to take the place of the mysteries they represent. Is it any wonder, then, that one can fail to grow spiritually while employing and enjoying all of the good and proper (and traditional) representations of that spirituality.

And so it can be with the Sacred Resurrection of our Lord. If the Resurrection fails to produce among Christians the sanctity which might be expected, it is not the fault of the Resurrection of our Blessed Lord! It is the fault of the Christian who gets no further than the heavy stone of the Holy Sepulchre. He seems to see only the scenes of the symbols of the Resurrection. He gives nothing in return to the greatness of the Resurrection of our Most Holy Redeemer but a superficial devotion to its symbols. The Resurrection is a grace to the soul, and if the soul is to benefit from It the soul must give a response at the same level: IT MEANS GIVING! Christ is the central figure, giving out and drawing in. The Resurrection is not Christ's victory alone - - IT IS OURS AS WELL!!!
