"Points of view in theology are as idiotic as points of view in mathematics. I am just as entitled to believe that two and two make five as I am to believe that our Lord could let the world be deceived in essential matters for nearly 1600 years."
 (Father Malachy's Miracle)

SEPTEMBER 8, 1998 is the BIRTHDAY OF OUR MOST BLESSED MOTHER.

Truly, truly, this is a great and grand day, as - in itself - marks the beginning effort of our Holy Redemption. In these days marked with every possible difficulty and peril, and painted with countless forecasts of coming hardships and punishments, The Blessed Mother is ever present to help those who call upon her. She is ever ready to help and protect those who have genuine love and devotion to her Divine Son. Pray to her and make known the inner workings of your hearts. Listen to what she has said over the ages.
